

NEMO^{USA}

IN THE WIND PENDANT HORIZONTAL

Arihiro Miyake

Floor and pendant lamps for warm and widespread LED lighting. The body is manufactured through a technology of torsion and misalignment of the extruded aluminum bar allowing for 360 degrees LED emission. This technology was extensively studied by Nemo (patent pending). Heads are in die-casted aluminum. Diffusers are in opal metacrylate. Heads, base and arms are painted in matt white, matt black, titan grey or gold. For the floor version, switch and dimmer are on the cable.
